SECRETARY GENERAL'S NOTE

Dear Friends,

SHAPE India wants to express its sincere appreciation and gratitude to its funders as well as the related personnel and volunteers. We were able to provide joy to society during this pandemic thanks to you.

Nothing is greater than putting a smile on someone's face. And I'm happy that SHAPE India was able to accomplish this. I want to thank everyone on our team and anybody else connected to us, whether directly or indirectly.

Our collective efforts allowed us to develop our beneficiaries and give them a dynamic environment where they could reach their full potential.

I have faith that in the near future, our team will continue to succeed and overcome all obstacles in its pursuit of a society that is joyful and content.

On this same point, let me take this opportunity to proudly offer to you our Annual Report 2021–22, which captures the enormous efforts our team made to bring our goal to life.

Surendra Giri
(Secretary General)

OUR REACH

OUR PARTNERS

OUR PARTNERS

ABOUT US

Mission

To work towards developing a healthy and conducive environment for the underprivileged to enable them to attain a dignified life leading to Social, Cultural, and Economic uplift of the people and the community as a whole.

SHAPE India is a leading voluntary organisation working for and with society. It was set up in 2001 and is registered under the Societies Registration Act of 1860, Section 12A & 80G income tax Act 1961, and Foreign Contribution Act (FCRA)

We work towards a holistic approach for the betterment of the marginalised section of our society. Till now we have implemented more than a dozen projects in partnership with Centre and State governments focused on

- Child health development and education
- Youth Development and livelihood promotion through vocational education
- HIV/AIDS awareness amongst the weaker section of the society
- Women Empowerment and Promoting gender equality

Our Beneficiaries

- Children
- Women
- Youth
- Transgenders
- Migrants

PROJECTS

DELHI

- Work towards
- Providing Nutrition
- Empowering Women
- Creating HIV/AIDS awareness

PUNJAB

- Work towards
- Creating HIV/AIDS awareness amongst Injection Drug Users (IDUs), female sex workers, link worker schemes

MAHARASHTRA

- Work towards
- Creating HIV/AIDS awareness amongst transgenders, truckers, migrants, MSMs, Bar Girls
- COVID-19 relief

SHAPE India always takes an original stance. We make an effort to approach the issues both practically and effectively.

SHAPE INDIA - DELHI

In Delhi, we take a holistic approach to contribute to society. We work to -

- Provide nutritious and healthy food to Children, Lactating Mothers and Pregnant women
- Create a safe environment for women
- Empower women and make them aware of their rights
- Provide skill education to youth
- Create HIV/AIDS awareness and provide the necessary counselling to MSMs

ANGANWADI'S

Translated as courtyard shelter's, Anganwadi was started under Integrated Child Development Services (ICDS) program. We have anganwadi centers at Madanpur Khadar, Badarpur.

We Provide

26

Anganwadi Centers

1500

Children

250

Pregnant Ladies/ Lactating Mothers

ANGANWADI'S

Due to COVID lockdown restrictions, SHAPE India distributed Dry Ration kits with similar nutrition content as that of hot cooked meals. Kits were distributed at the Anganwadi Centers to children parents and pregnant/lactating mothers. Home delivery of ration kits was also conducted by Anganwadi teachers.

Our Services

PRE-SCHOOL EDUCATION

- Focuses on the **"Play and Educate"** method
- Prepare children under 6 years for their primary schooling
- Focuses on the social, emotional, cognitive, physical and aesthetic development of the child

NUTRITION

- Dry Ration kits, rich in nutrients, are prepared for all beneficiaries
- Home Delivery of Dry Ration kits was also conducted

TECHNICAL EDUCATION COMMUNITY OUTREACH SCHEME (TECOS)

Since most of the women in the neighbourhood are unemployed and living in poverty, most of them want to start their own businesses. However, due to the patriarchal family structure, they are unable to leave the area and find employment, and their inability to start their own businesses is hampered by a lack of assistance and technical expertise.

Since 2008, SHAPE India has been implementing this programme with assistance from the GNCT, Delhi's Department of Training & Technical Education.

SHAPE India provides training for marginalized women (South Delhi) on:

- **Technical Education** : Basic computer training on Microsoft Word, Microsoft Excel, PowerPoint, Internet, GUI of operating system, etc.
- **Garment Making** : Basic draping technique, Needle Craft, Fashion Accessories, Fabric Analysis, Elements of Art and Design, etc.
- **Career Counselling and Personality Development**

STATE URBAN LIVELIHOOD MISSION (SULM)

In order to decrease the poverty and vulnerability of urban poor households, SHAPE India has begun the development of Self-Help Groups under SULM, and GNCT. This is done by giving these households access to chances for gainful self-employment and wage employment based on skill sets.

In the South East of Delhi, SHAPE India has established 52 Self Help Groups to date, giving its members the chance to pursue self-employment and get skill-based training that would enable them to become independent and self-sufficient.

SUPPLEMENTARY NUTRITION

With the motto of reducing malnutrition, the Supplementary Nutrition Food (SNF) programme provides hot cooked meals or dry ration to Children, Lactating mothers, and pregnant ladies of Anganwadi centres in South Delhi (Badarpur) and West Delhi (Dabari, ManglaPuri, Mahaveer Enclave)

We Provide

455

Anganwadi Centers

25K+

Children

5K+

Pregnant Ladies/ Lactating Mothers

SUPPLEMENTARY NUTRITION

Due to COVID lockdown restrictions, SHAPE India prepared Dry Ration kits with similar nutrition content as that of hot cooked meals. Our kitchens were deep cleaned and our staff followed all the COVID-19 government guidelines.

Our Services

CLEAN KITCHENS

- Hygiene is given the utmost priority
- All kitchen members followed COVID safety guidelines
- Fresh raw materials are used to prepare ration kits

ROBUST DELIVERY

- Optimal delivery routes are prepared
- On-time delivery is ensured to all Anganwadi centres

GOOD FOOD

- Ration kits are rich in all the nutrients required for the healthy growth of the child
- Raw materials are taken by verified vendors

MAHILA PANCHAYAT

Mahila Panchayat provides a platform for women to raise voice and seek for help when there is any dispute in their lives. It is a place that provides legal advice and counselling.

Panchayat cases are resolved using conversations and social pressure. If the only option left is divorce, the panchayat sends the case to court.

SHAPE India has experience in setting up Mahila panchayats with an innovative and collective approach. We aim at capacity building activities to aware women of their legal rights.

We have Mahila Panchayats set up in the South and South East districts of Delhi.

MAHILA PANCHAYAT

Women empowerment is a process in which women make their own independent decisions. Mahila Panchayat just provides the right information that will help a woman to make informed decisions.

Creating a frictionless environment for women, where they can raise their voice against social violence and atrocities against them.

During COVID lockdowns, SHAPE INDIA continuously worked with victims through phone calls or Whatsapp messages.

How does it work?

BUILD TRUST

TREAT ALL VICTIMS EQUALLY

- Make women from marginalised communities aware of their rights
- Build community-level group of volunteers who can assist victims on the spot
- Provide counselling for redressals and legal procedures
- The proactive response towards a case
- Educate women to help them fight the male-dominated society
- Provide a free platform where everyone is the same and anyone can raise their voice to seek help

MOBILE HELPLINE

The mission of Mobile Helpline is to bring a revolutionary change in controlling crimes against women and creating a society where women can protest against harassment and molestation with courage.

Immediate assistance is provided to women in distress with a 24/7 toll-free helpline number issued by Delhi Government.

SHAPE India has set up its Mobile Helpline service in the North, South and South East districts of Delhi. It helps victims by providing all the necessary support to fight their case starting from filing an FIR to helping them collect evidence.

MOBILE HELPLINE

A woman is entitled to lead a life full of dignity, respect, and free of fear. But crime against women has been on the rampant rise. Many marginalized women live with a fear of domestic violence, honour killing, acid attacks, and sexual harassment.

Mobile Helpline Number provides a platform for all women to stand against their oppressors, seek help, and fight for their rights.

During COVID lockdowns, SHAPE INDIA continuously worked with victims through phone calls or Whatsapp messages.

How does it work?

24/7 ASSISTANCE

HOME VISITS AND LEGAL HELP

- Provide toll-free 24-hours telecom service to women affected by violence
- Facilitate crisis and non-crisis intervention through referral to the appropriate agencies such as police, DLSA/PO/OSC
- Provide information about the appropriate support services, government schemes and programmes available to the woman affected by violence
- The proactive response towards a case
- Educate women to help them fight the male-dominated society
- Required urgent medical and police assistance to rescue a woman from a violent situation

SELF HELP GROUPS (SHG)

SHGs are built with the mission to eradicate poverty and to make marginalized women financially independent. Each SHG has 10-20 women, usually from similar social and economic backgrounds. It is a holistic programme of micro-enterprises covering all aspects of self-employment.

SHAPE India acts as a facilitator to encourage and create awareness amongst the SHG members. We help SHGs to identify local resources and opportunities. Our role is to promote, nurture, strengthen, and monitor SHGs.

Our SHGs are located in the **South East and North West districts of Delhi.**

We Have

47

Self Help Groups

150+

Empowered Women

SELF HELP GROUPS (SHG)

Self Help Groups (SHGs) existence is relevant to make the people below the poverty line hopeful and self-reliant. SHGs enable them to increase their income, improve their standard of living and status in society. It acts as a catalyst for bringing this section of society to the mainstream.

Our Sustainable SHGs Approach

FORMATION CRITERIA

- Selections are made within the mutual likings of the individuals to enhance the essence of the project
- One Member can take part from one family so that more families can join
- The size of the SHGs should be between 8-10 members

REGULAR ELECTIONS

- Office bearers are selected via an election process.
- Members should actively participate in the SHG activities

REGULAR TRAININGS

- We follow effective and efficient ways to train our SHG members.
- Training focuses on SHG Orientation, Financial Literacy, health hygiene etc.

PROJECT ABHIMAAN MSM

Members of the MSM (Male Sex Male) group are at high risk to get exposed to HIV. Various factors are responsible for this. Some prominent factors are:

- Biological factors
- Behavioural factors (e.g. inconsistent use of condoms)
- Social and cultural factors

Ganesh Nagar, a district in East Delhi, holds a large population of MSMs in the city. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Support

1600

MSMs/TGs

PROJECT ABHIMAAN MSM

Biological, behavioural, legal, and social and cultural factors put men who have sex with men at higher risk than the general population. Lack of knowledge and awareness about treatment and health care facilities also puts the health of an individual at risk.

Through virtual contact, we have begun to reach more beneficiaries, and we have added two additional staff members for MSM virtual contact.

Our Approach

PROTECT

- 100% condom distribution
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission

EDUCATE

- We focus to provide information to minimise HIV Transmission
- Various community events are organised to educate the group

SUPPORT

- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

SHAPE INDIA - PUNJAB

In Punjab, we work to create HIV/AIDS awareness and to provide the necessary counselling to our targeted audience.

Our beneficiaries group includes:

- Injecting Drug Users (IDUs)
- Female Sex Workers (FSWs)
- Vulnerable Men and Women

Our Project Offices in Punjab

Project - Fateh

Chungi No.4, Sirhind,
Fatehgarh Sahib- 140407

Project - Pahal

15 - Street 1 Tagore Avenue
Majitha Road, Amritsar -
143001

Project - Nai Disha

Line Bazaar street number
6, Near Dode Wali
Dharamshala
Faridkot 151203

PROJECT FATEH IDU

IDU population's lack of knowledge combined with a variety of human rights abuses, social stigma and discrimination exacerbate their risks of acquiring HIV.

Punjab is caught in a vicious circle of drug abuse, the number of drug addicts is increasing day by day.

Fatehgarh Sahib, a district in Punjab, is facing an all-time rise in the number of drug addicts. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Reached

600

INJECTING DRUG USERS

PROJECT FATEH IDU

Injecting drug users face many problems such as social stigma, lack of job opportunities, depression, lack of healthcare and counselling which drastically affect their confidence. Our team provide counselling and support to the IDUs to help them win back their confidence.

During COVID, our team supported the beneficiaries by providing them with hygiene kits, dry ration kits and hot cooked meals.

Our Approach

PROTECT

- 100% syringe distribution to registered IDU population of Fatehgarh and Mandi Goidgarh
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission
- We focus to provide information to minimise HIV Transmission
- Home visits to give confidence to IDUs and their families
- Various community events are organised to educate the group
- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

EDUCATE

SUPPORT

PROJECT PAHAL FSW

People who exchange sex for money are more vulnerable to HIV compared to the general population. Many factors increase the risk.

- Social and legal factors
- Multiple partners and inconsistent condom use

Amritsar, a city in Punjab, holds a large population of female sex workers. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Reached

FEMALE SEX WORKERS

PROJECT PAHAL FSW

—

We increased the SPA Center's population, and we now cover Amritsar's HRG of SPA Centers. Up to this point, ASR has added more than 40 SPA centres.

Our Approach

PROTECT

- 100% condom distribution
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission

EDUCATE

- We focus to provide information to minimise HIV Transmission
- Various community events are organised to educate the group

SUPPORT

- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

PROJECT - NAI DISHA

Punjab has one of the country's largest HIV epidemics. SHAPE India along with Punjab State Aids Control Society Chandigarh is implementing the Link Worker Scheme in Faridkot, Punjab from January 2021

Our goal is to reach High-Risk Groups (HRGs), vulnerable men and women with information, knowledge and skills on HIV/STI prevention and risk reduction.

We Reached

1825

Beneficiaries

PROJECT - NAI DISHA

Our Coverage

Villages in Faridkot District

Our Goal

- The scheme aims at reaching out to rural populations who are vulnerable and are at risk of HIV/AIDS in a non-stigmatised enabling environment.
- The scheme aims at improving linkage to other social and health benefits provided by other line departments in line with local norms, regulations suitable for vulnerable populations.
- To find out PLHIV in our registered population by testing all HRGs twice a year and put all HRGs found positive on ART Treatment as soon as possible.
- Comprehensive care, support and treatment to all persons living with HIV/AIDS
- Increase awareness among the general population, particularly women and youth.

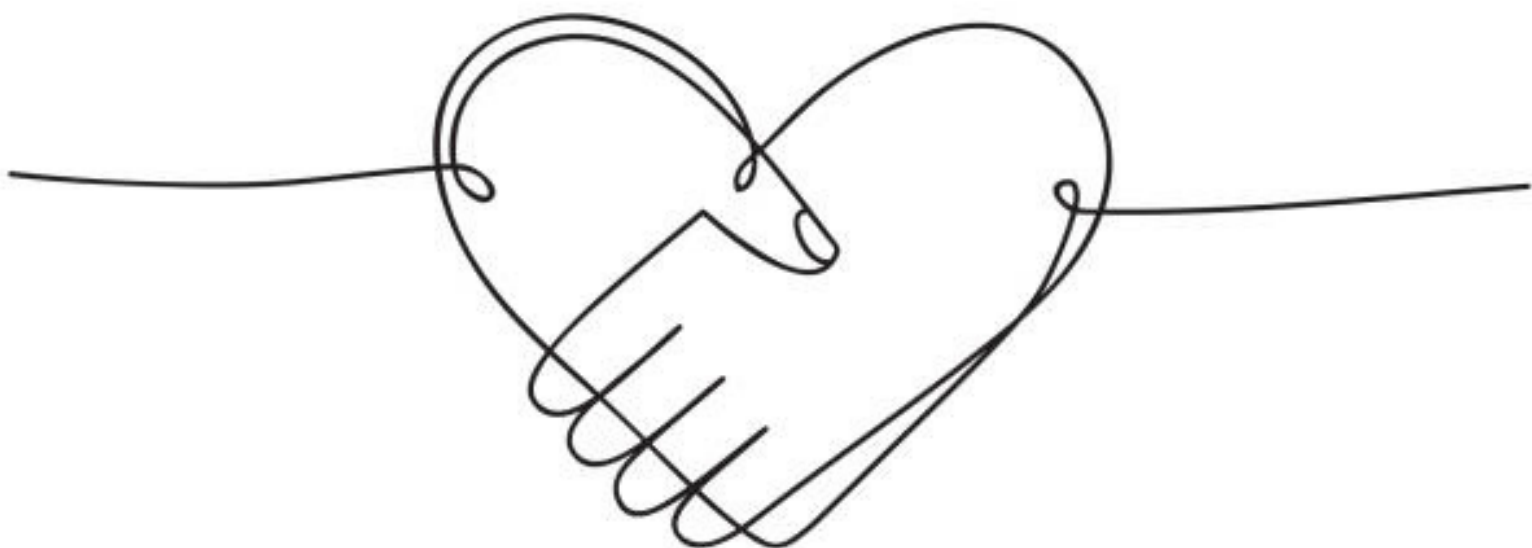

PROJECT - NAI DISHA

Highlights of the Project

The primary focus in this kind of model will be to address both high-risk groups and vulnerable populations. The saturation of high-risk population coverage is a priority. Following target populations have been identified for coverage under intensive intervention:

- High-Risk Groups (FSW, MSM, IDU) and their partners
- People Living with HIV (PLHIV) and their spouses especially discordant couples • Most at risk adolescence (MARA)
- Most at-risk youth
- Migrants and their spouses
- Truckers and their spouses
- Woman/Child headed households
- Children affected by AIDS (CABA)

SHAPE INDIA - MAHARASHTRA

In Maharashtra, we work to create HIV/AIDS awareness and to provide the necessary counselling to our targeted audience.

Our beneficiaries group includes:

- Migrant Workers
- Truck Drivers
- Men who have sex with men (MSMs)
- Bar Girls

During COVID-19 lockdown, under SHAPE INDIA's initiative "Mission UMEED", our staff and volunteers provided ration kits and hygiene kits to the families of our beneficiaries.

Our Project Offices in Maharashtra

Project - Prerna

Kalyan Road Bhiwandi -
421302

PROJECT PRERNA MIGRANT WORKERS

Migration can place people in situations of heightened vulnerability to HIV. Migrants often face complex obstacles such as a lack of access to healthcare services. Social exclusion leaves migrants highly vulnerable to HIV.

Bhayandar, a suburb in Mumbai, made up one of the largest migrant populations in Mumbai. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Reached

MIGRANT WORKERS

PROJECT PRERNA MIGRANT WORKERS

During COVID, our team supported the beneficiaries by providing them with hygiene kits, dry ration kits and hot cooked meals.

We organized mass awareness campaigns about COVID-19 safety measures along with COVID-19 testing camps.

Our Approach

PROTECT

- 100% condom distribution
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission

EDUCATE

- We focus to provide information to minimise HIV Transmission
- Various community events are organised to educate the group

SUPPORT

- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

PROJECT DAMINI BAR GIRLS

People who exchange sex for money are more vulnerable to HIV compared to the general population. Many factors increase the risk.

- Social and legal factors
- Multiple partners and inconsistent condom use

Chembur, a suburb in East Mumbai, holds a large population of bar girls in the city. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Reached

BAR GIRLS

PROJECT DAMINI BAR GIRLS

Economic vulnerability, inability to negotiate consistent condom use, violence, and getting marginalised treatment put bar girls at much higher risk of HIV compared to the general population.

During COVID, our team supported around 2000 beneficiaries by providing them with hygiene kits, dry ration kits and hot cooked meals.

Our Approach

PROTECT

- 100% condom distribution
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission

EDUCATE

- We focus to provide information to minimise HIV Transmission
- Various community events are organised to educate the group

SUPPORT

- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

PROJECT SAMAAAN MSMS

Members of the MSM group are at high risk to get exposed to HIV. Various factors are responsible for this. Some prominent factors are:

- Biological factors
- Behavioural factors (e.g. inconsistent use of condoms)
- Social and cultural factors

Bhiwandi, a city in Thane, holds a large population of MSMs in the city. SHAPE India under the Target Intervention (TI) program provides counselling, medical support, and treatment to them.

We Reached

MSMs

PROJECT SAMAAAN MSMS

Biological, behavioural, legal, and social and cultural factors put men who have sex with men at higher risk than the general population. Young MSMS are often more vulnerable than older MSM to the effects of homophobia because

During COVID, our team supported the beneficiaries by providing them with hygiene kits, dry ration kits and hot cooked meals.

Our Approach

PROTECT

- 100% condom distribution
- Regular free Medical Checkups are organised
- We practice the Behaviour Change Communication method to understand individual's activities which can increase the risk of HIV transmission

EDUCATE

- We focus to provide information to minimise HIV Transmission
- Various community events are organised to educate the group

SUPPORT

- Counselling for people tested HIV Positive
- Link the HIV+ patients to Anti-retroviral therapy (ART)
- We provide STI and OST medicines.

TECH MAHINDRA COLLABORATION

As the whole India fight the invisible enemy, SHAPE India 's mission is to provide support to the most affected sections of the society.

We aim to assist those in need by supplying Safety kits, Ration kits, and hot cooked fresh meals. Our mission is to serve relentlessly and tirelessly so that no individual will have to suffer in this pandemic.

DRY RATION KIT CONTAINS..

We planned our Dry ration kit keeping in mind the necessities of an Indian household. We aim to provide overall support to our HRGs.

- Rice (5kg)
- Toor Dal (1/2 kg)
- Sugar (1/2 kg)
- Poha (1/2 kg)
- Rava (1/2 kg)
- Tea Powder (50 gm)
- Mirchi Powder (50 gm)
- Haldi Powder (50 gm)
- Salt (1 kg)
- Vim Bar (1 pc)
- Soap (2 pc)
- Detergent Powder (1/2 kg)
- Refined Oil (1lt)

TECH MAHINDRA COLLABORATION

Procurement Committee

- Formed to effectively and efficiently procure the dry ration kits from the received quotations from vendors (3 quotations received)
- The aim is to minimize the expenses and maximize the efficiency of the program without jeopardizing the operation
- Members: Program Manager (Mumbai), Project Manager - DAMINI and Accountant - SHAPE INDIA(Mumbai)
- Secretary-general. on behalf of the board members, Program Managers, and Senior Account Officer are responsible for the prudent use of Organization resources in compliance with policies, procedures and applicable legislation.

FHI360 COLLABORATION

- SHAPE India was selected by the FHI360 team and was provided with technical support by the experienced members of the FHI360 team
- STAPI is a support service organization focusing on building the capacities of the voluntary organizations working in the diverse field of social sectors to enable them to play a more sustainable and effective role in all sectors of socio-economic development in the service of the underprivileged section of the community. This includes capacity building, NGO promotion and their strengthening for qualitative sustainable contribution to the betterment of society.

VISION 2025

01 EXPANSION

Work on expanding to other states
Increase our community reach
Strengthen infrastructure

02 FUNDING GROWTH

Raise funds from diverse markets
Reach SHAPE India's sustainability goals
Campaigns to expand our reach.

03 EMPOWERMENT

Empower women
Continue to provide the platform to raise their voice
Work towards our idea of "**Healthy Women Healthy Nation**"

04 CHILD DEVELOPMENT

Work to provide nutritious food to our children
Provide them with a platform to raise their voice
Increase their advocacy impact

05 CAPACITY BUILDING

Staff training to enhance their ability to serve the society
Work towards digital transformation and agile organisation

Your Support Matters

LET'S CREATE HAPPINESS
TOGETHER
