MISSION STATEMENT

As the whole India fight the invisible enemy, SHAPE India's mission is to provide support to the most affected sections of the society.

We aim to assist those in need by supplying Safety kits, Ration kits, and hot cooked fresh meals. Our mission is to serve relentlessly and tirelessly so that no individual will have to suffer in this pandemic.

THE PANDEMIC

Started from March 2020, the whole nation came to a halt because of an invisible virus, THE CORONA VIRUS. To curb the situation, the entire nation went into the lockdown state.

Jobs were lost, home ration became scarce, transportation services were affected, and the fear of uncertainty gripped in the mind of every individual. The family head was overburdened and could

not provide its family.

SHAPE India with its Mission Umeed benefits the weaker sections of our society affected the most by this pandemic.

We are running multiple projects in 3 states (Punjab, Delhi, Maharashtra) to distribute Ration Kits, Hot Cooked Meals, and Hygienic Kits with the support of Rotary Club, Habitat India, Bright Future, Lions Club, Red Cross and Nine is Mine.
